Professional Summary

- iOS Developer with 2 years of experience building Swift-based mobile applications for finance and productivity use cases.
- Skilled in SwiftUI, UIKit, REST API integration, Core Data, MVVM, and App Store release preparation.
- Strong focus on intuitive user flows, stable app behavior, and clean mobile architecture.

Skills

Mobile:

Swift, SwiftUI, UIKit, iOS SDK

Architecture:

MVVM, Repository Pattern, Coordinator basics

Data:

Core Data, UserDefaults, REST APIs

Testing:

XCTest, Manual Device Testing

Tools:

Xcode, TestFlight, Git, Figma

Work Experience

iOS Developer at FinLeaf Mobile

Abuja, Nigeria | May 2024 - Present

- Built SwiftUI screens for account overview, savings goals, and transaction history.
- Integrated REST APIs for authentication, balances, and push notification preferences.
- Improved app stability by resolving layout issues and API error handling gaps.

Mobile App Intern at CodeBridge Africa

Lagos, Nigeria | Aug 2023 - Apr 2024

- Developed UIKit components for onboarding and profile setup flows.
- Created small Core Data prototypes for offline note storage.
- Assisted with TestFlight build testing and bug reproduction reports.

Projects

SaveWise iOS

Tech Stack: Swift, SwiftUI, Core Data, REST API

Created a savings tracker with goals, spending summaries, and offline transaction notes.

FocusDay Planner

Tech Stack: Swift, UIKit, UserNotifications, MVVM

Built a task planner with reminders, day views, and local notification scheduling.

Education

B.Sc. in Computer Science - University of Abuja

Abuja, Nigeria | 2019 - 2023

Certifications

- App Development with Swift Associate
- iOS Development Fundamentals Certification
