Work Experience

Junior Flutter Developer at AppVerde Studio

Sao Paulo, Brazil | Jan 2025 - Present

- Implemented Flutter screens for onboarding, catalog browsing, and customer profiles.
- Integrated Firebase Authentication and Firestore data reads for mobile prototypes.
- Fixed UI responsiveness issues across Android devices with different screen sizes.

Mobile Development Intern at RioByte Labs

Remote | Jun 2024 - Dec 2024

- Converted Figma layouts into Flutter widgets for internal proof-of-concept apps.
- Built reusable form fields, cards, and navigation components.
- Participated in sprint planning, QA checks, and code review discussions.

Projects

CampusRide App

Tech Stack: Flutter, Dart, Firebase, Google Maps API

Built a student ride-sharing app prototype with route selection and driver profiles.

PantryList Mobile

Tech Stack: Flutter, Firestore, Provider, REST API

Created a grocery planning app with shared lists, item categories, and cloud sync.

Education

B.Sc. in Computer Engineering - University of Sao Paulo

Sao Paulo, Brazil | 2020 - 2024

Certifications

- Flutter Development Bootcamp
- Firebase for App Developers Certification
