Professional Summary

- iOS Developer with 5 years of experience building polished consumer and productivity applications.
- Skilled in Swift, SwiftUI, UIKit, Combine, Core Data, and App Store release workflows.
- Experienced in improving app stability, implementing clean architecture, and collaborating with product teams.

Skills

Mobile:

iOS, Swift, SwiftUI, UIKit

Architecture:

MVVM, Coordinator Pattern, Clean Architecture

Appleframeworks:

Combine, Core Data, CloudKit, StoreKit

Testing:

XCTest, XCUITest

Tools:

Xcode, TestFlight, Fastlane, Git

Work Experience

iOS Developer at BrightPocket Apps

New York, USA | Jan 2022 - Present

- Built SwiftUI features for a personal finance app with budgeting and transaction insights.
- Reduced crash rate by resolving threading issues and improving error handling.
- Implemented in-app subscriptions using StoreKit and server-side receipt validation.

Mobile Software Engineer at UrbanGrid Labs

Boston, USA | Jul 2019 - Dec 2021

- Developed UIKit screens for scheduling, messaging, and notification preferences.
- Integrated REST APIs and improved offline data handling with Core Data.
- Supported TestFlight builds, release notes, and App Store submissions.

Projects

PocketPlan iOS

Tech Stack: Swift, SwiftUI, Core Data, Combine

Built a finance planning app with category budgets, recurring expenses, and local persistence.

EventNest Mobile

Tech Stack: Swift, UIKit, MapKit, REST API

Created an event discovery app with map search, saved venues, and RSVP tracking.

Education

B.S. in Computer Science - New York University

New York, USA | 2015 - 2019

Certifications

- App Development with Swift Certification
- iOS App Architecture Training
