Work Experience

Senior Frontend Engineer at AstraCommerce

Milan, Italy | Apr 2021 - Present

- Led development of a reusable design system adopted by four product squads.
- Improved checkout page performance, reducing Largest Contentful Paint by 31%.
- Introduced accessibility checks into pull requests and reduced WCAG issues across core flows.

Frontend Developer at Northline Digital

Turin, Italy | Jun 2018 - Mar 2021

- Built React dashboards for retail analytics and campaign reporting.
- Converted legacy jQuery interfaces into modern component-based pages.
- Created Cypress smoke tests for high-value user journeys.

Projects

RetailLens Portal

Tech Stack: Next.js, TypeScript, Chart.js, Tailwind CSS

Created a retail analytics portal with sales trends, filters, and exportable reports.

NovaUI Component Kit

Tech Stack: React, Storybook, CSS Modules, Jest

Built a documented component library with buttons, forms, tables, and validation states.

Education
