Work Experience

Frontend Developer at MetricHive Solutions

Noida, India | Apr 2023 - Present

- Built React dashboards for campaign analytics, customer segments, and performance alerts.
- Reduced UI defect turnaround time by creating reusable form and table components.
- Improved page responsiveness by optimizing component rendering and API state management.

Associate UI Developer at NexaSoft Labs

Delhi, India | Jul 2021 - Mar 2023

- Developed responsive landing pages and admin screens using React and CSS Modules.
- Integrated REST APIs for customer records, search filters, and notification panels.
- Supported accessibility fixes and cross-browser validation before releases.

Projects

CampaignMetrics Console

Tech Stack: React, TypeScript, Redux Toolkit, Tailwind CSS

Built a marketing analytics console with campaign filters, KPI cards, and exportable report views.

Support Forms Library

Tech Stack: React, Jest, React Testing Library, CSS Modules

Created reusable form components with validation states, accessibility labels, and test coverage.

Education

B.Tech in Computer Science - Jaypee Institute of Information Technology

Noida, India | 2017 - 2021
