Professional Summary

- Cybersecurity Analyst with 4 years of experience in threat monitoring, vulnerability assessment, incident response, and security reporting.
- Skilled in SIEM tools, network security, risk analysis, and security awareness practices.
- Experienced in supporting compliance-driven environments.

Skills

Security:

Vulnerability Assessment, Incident Response, Threat Analysis

Tools:

Splunk, Wireshark, Nessus, Burp Suite

Networking:

TCP/IP, Firewalls, IDS/IPS, VPN

Compliance:

NIST, ISO 27001, SOC 2

Scripting:

Python, Bash

Work Experience

Cybersecurity Analyst at SentinelCore Security

Washington, USA | Nov 2021 - Present

- Monitored SIEM alerts and investigated suspicious authentication patterns.
- Conducted vulnerability scans and coordinated remediation with engineering teams.
- Created incident reports and improved escalation documentation.

Security Operations Associate at BlueShield Networks

Arlington, USA | Jun 2020 - Oct 2021

- Analyzed network traffic and endpoint alerts for potential threats.
- Assisted with phishing investigations and user awareness campaigns.
- Maintained security dashboards and weekly risk summaries.

Projects

Phishing Detection Lab

Tech Stack: Python, Splunk, Email Header Analysis

Built a workflow to classify suspicious emails and document indicators of compromise.

Internal Vulnerability Tracker

Tech Stack: Nessus, Python, SQLite

Created a lightweight tracker for scan findings, severity, and remediation status.

Education

B.S. in Cybersecurity - George Mason University

Fairfax, USA | 2016 - 2020

Certifications

- CompTIA Security+
- Certified Ethical Hacker
