Professional Summary

- React Native Developer with 3 years of experience building cross-platform mobile applications for ecommerce and logistics.
- Skilled in TypeScript, React Native, Redux Toolkit, REST APIs, Firebase, and mobile UI implementation.
- Experienced in delivering reliable app features, debugging device issues, and supporting store releases.

Skills

Mobile:

React Native, TypeScript, JavaScript, Expo

State management:

Redux Toolkit, React Query, Context API

Backend services:

Firebase, REST APIs, Push Notifications

Testing:

Jest, React Native Testing Library

Tools:

Android Studio, Xcode, Git, Figma

Work Experience

React Native Developer at RouteWave Mobile

Varna, Bulgaria | Sep 2023 - Present

- Built shipment tracking, proof-of-delivery, and driver profile features for a logistics app.
- Integrated push notifications for delivery status changes and route updates.
- Improved app reliability by fixing offline state handling and API retry behavior.

Mobile Developer at BlackSea Apps

Sofia, Bulgaria | Jul 2021 - Aug 2023

- Developed React Native screens for product browsing, cart, and account management.
- Implemented reusable components for forms, cards, modals, and list items.
- Supported Android and iOS release validation across real devices.

Projects

FleetTrack Mobile

Tech Stack: React Native, TypeScript, Redux Toolkit, Firebase

Built a logistics app with shipment tracking, route updates, and driver status screens.

QuickCart Companion

Tech Stack: React Native, Expo, React Query, REST API

Created a mobile shopping app with product filters, saved carts, and order history.

Education

B.Sc. in Software Engineering - University of Varna

Varna, Bulgaria | 2017 - 2021

Certifications

- React Native Development Certification
- TypeScript Fundamentals Certification
