Work Experience

Test Automation Engineer at AlpineTech Software

Vienna, Austria | Oct 2021 - Present

- Built automated browser tests for subscription, billing, and account administration workflows.
- Created REST Assured API tests for authentication, payment, and reporting services.
- Reduced flaky tests by improving selectors, waits, and environment data setup.

QA Engineer at Danube Digital

Graz, Austria | Jul 2019 - Sep 2021

- Executed manual and automated regression tests for SaaS release cycles.
- Maintained Selenium scripts and documented reusable testing practices.
- Collaborated with developers to troubleshoot UI and API defects.

Projects

Billing Automation Framework

Tech Stack: Java, Selenium, JUnit, Allure

Created a regression framework for subscription upgrades, invoices, refunds, and account permissions.

API Contract Test Suite

Tech Stack: REST Assured, Java, Jenkins, PostgreSQL

Built API validation tests with database checks and CI reporting.

Education

B.Sc. in Software Engineering - Vienna University of Technology

Vienna, Austria | 2015 - 2019

Certifications

- ISTQB Advanced Test Automation Engineer
- Selenium WebDriver with Java Certification
