

Priya Nair

priya.nair@example.com | +91 99887 77665 | Hyderabad, India
linkedin.com/in/priya-nair-ml | github.com/priyanair-ml

Professional Summary

- Machine Learning Engineer with 3 years of experience developing NLP and computer vision models.
- Skilled in Python, PyTorch, TensorFlow, model evaluation, and deployment workflows.
- Experienced in building production-ready ML services with APIs and monitoring.

Skills

Languages:

Python, SQL

Machine learning and deep learning:

PyTorch, TensorFlow, scikit-learn, OpenCV

Nlp:

Transformers, spaCy, Text Classification

Deployment:

FastAPI, Docker, AWS SageMaker

Data:

pandas, NumPy, MLflow

Work Experience

Machine Learning Engineer at NeuralBridge AI

Hyderabad, India | Apr 2023 - Present

- Built document classification models that reduced manual review effort by 45%.
- Deployed ML inference APIs using FastAPI and Docker.
- Tracked experiments and model versions using MLflow.

AI Research Intern at VisionStack Labs

Remote | Jul 2022 - Mar 2023

- Trained image classification models for quality inspection datasets.
- Improved model accuracy through augmentation and hyperparameter tuning.
- Created evaluation reports with precision, recall, F1-score, and confusion matrices.

Projects

Resume Parser NLP System

Tech Stack: Python, spaCy, Transformers, FastAPI

Built an NLP pipeline to extract candidate details, skills, and experience from resumes.

DefectVision Classifier

Tech Stack: PyTorch, OpenCV, Docker

Developed an image classification model for detecting manufacturing defects.

Education

B.Tech in Artificial Intelligence - Vellore Institute of Technology

Vellore, India | 2018 - 2022

Certifications

- DeepLearning.AI Machine Learning Specialization
- TensorFlow Developer Certificate
