Work Experience

Senior QA Engineer at ClearRoute Software

Warsaw, Poland | Feb 2021 - Present

- Led automation strategy for a logistics platform used by regional operations teams.
- Built Playwright test suites covering shipment tracking, billing, and user permissions.
- Reduced escaped defects by improving regression coverage and release risk reviews.

QA Automation Engineer at BalticSoft Labs

Gdansk, Poland | Jun 2018 - Jan 2021

- Automated browser tests using Selenium and Java for banking workflows.
- Created REST Assured tests for account, transaction, and reporting APIs.
- Mentored junior QA analysts on test case design and defect documentation.

Manual QA Tester at Novatek Systems

Warsaw, Poland | Aug 2016 - May 2018

- Executed functional and regression tests for internal business applications.
- Documented defects with clear reproduction steps and expected behavior.
- Supported user acceptance testing with product owners and business analysts.

Projects

Logistics Regression Framework

Tech Stack: Playwright, JavaScript, GitHub Actions, Allure

Built an automated regression suite for shipment creation, tracking, and invoice validation.

Banking API Test Pack

Tech Stack: Java, REST Assured, JUnit, Postman

Created API tests for account lifecycle, payment validation, and reporting endpoints.
